

TECHNICAL QUESTIONNAIRE

Confidential Part (Only relevant for parent lines of hybrid varieties)*

1. Applicant: Name and address

2. Provisional designation of the variety (breeder's reference) :

3. Information on data relating to components of hybrid varieties including data related to their cultivation (e.g. sowing date):

Breeding scheme (indicate female component at the first place):

Request confidentiality for the information above and for withholding data relating to components including their cultivation.

Date:

Signature:

**According to Article 88.3 of Regulation 2100/94 on Community plant variety rights, all data relating to components (including their cultivation) that have to be used repeatedly for the production of material of varieties, in other words parent lines of hybrid varieties, shall be treated confidentially at the request of the applicant for a Community plant variety right. For other varieties it is not foreseen that data such as the breeding scheme are treated confidentially.*
