

The use of External Experts in DUS testing in Denmark

Technical examination (DUS and VCU) and decision regarding National Listing are carried out by the

TystofteFoundation
Teglvaerksvej 10, Tystofte
DK - 4230 Skælskør

under the appointment of the

MINISTRY FOR ENVIRONMENT and FOOD
Danish Agricultural Agency
Nyropsgade 30
DK 1690 København V

The TystofteFoundation is assisted by the Technical Board of Variety Testing (panel of experts), which gives recommendations to the director of the TystofteFoundation regarding the registration, prolongation or deletion of varieties on the Danish National list.

Furthermore, the Technical Board of Variety Testing can give recommendations to the TystofteFoundation and the Danish Agricultural Agency on the development, planing and execution of the technical testing.

The Technical Board of Variety Testing comprises the following appointed members:
