BG Специално издание на Официалния Бюлетин на Службата на общността за сортовете растения (ЦПВО) с информация за крайните срокове за заявки и изискванията за предоставяне на растителен материал (Страница 23)

Специалното издание на Официалния бюлетин на Службата на Общността за сортовете растения (S2) има за цел да предостави на заявителите консолидирана версия на крайните срокове за заявки и изискванията за предоставяне на материал от сорта с оглед техническата му проверка.

От октомври 2010 г. S2 ще се публикува в електронен вид на уебсайта на Службата шест пъти в годината. Всяко специално издание ще съдържа консолидирана версия; измененията в предходното издание ще се отбелязват с осветен текст.

На уебсайта на Службата е предоставен инструмент за търсене, чрез който могат да се проследят измененията.

За да са възможни проверки в историята на записите, всяко специално издание на Официалния бюлетин на ЦПВО ще бъде запазено в .pdf формат и ще остане на разположение на уеб потребителите за справка.

В списъците в специалните издания на Официалния бюлетин на ЦПВО са включени най-значителните сортове растения от гледната точка на заявките. Ако имате въпроси относно други сортове растения, обърнете се към ЦПВО на: cpvo@cpvo.europa.eu.

- 1: Наименование на вида
- 2: Подвид
- 3: Такси за изпитване по групи
- 4: Брой на предвидените цикли на отглеждане
- 5: Страна
- 6: Изпитващ офис

Важни забележки:

— От заявителя се очаква да предостави растителен материал, едва след като получи писмено искане от ЦПВО. Неспазването на горното указание може да изложи на риск цялата процедура.

— Заявителите се приканват настоятелно да не оставят изпращането на заявките или растителния материал за последния момент.

— Заявките могат да се подават по всяко време. ЦПВО предвижда да започне техническата проверка през периода на отглеждане, който следва крайния срок, при условие че преди изтичане на крайния срок е получена валидна заявка.

— В случай че растителният материал бъде предоставен след определената дата за подаване, заявката може да бъде отхвърлена съгласно член 61 от Регламент (ЕО) н° 2100/94 на Съвета от 27 юли 1994 година.

— Ако крайният срок изтича на ден, на който ЦПВО не работи и не може да получава документи, срокът се удължава до първия следващ работен ден, на който ЦПВО може да получава документи и на който се доставя обикновена поща, съгласно член 71 от Правилат а за прилагане на Регламент 874/2009 на Европейската комисия от 17/09/2009 година.

— Ако крайният срок изтича на ден, в който службата не работи и не може да получава растителен материал, срокът се удължава до първия следващ работен ден, на който службата за проверка може да получава растителен материал, съгласно член 71 от Правилат а за прилагане на Регламент 874/2009 на Европейската комисия от 17/09/2009 година.

— Всички фитосанитарни изисквания се съобщават на заявителя заедно с искането за предоставяне на растителен материал на съответната служба за проверка.

— Предоставеният растителен материал трябва да бъде видимо здрав, да изглежда свеж и да не е засегнат от никакви значителни вредители или болести.

DA Særudgave af Ef-Sortsmyndighedens Officielle Tidende indeholdende tidsfrister for ansøgninger og betingelser for indgivelse af plantemateriale (Side 23)

Formålet med særudgaven af Sortsmyndighedens Officielle Tidende (S2) er, i en konsolideret version, at give ansøgerne oplysninger om de tidsfrister og betingelser for indgivelse, der finder anvendelse, når der foretages teknisk afprøvning af plantemateriale.

Fra oktober 2010 offentliggøres oplysningerne digitalt på Sortsmyndighedens websted seks gange årligt. Alle S2-udgaver offentliggøres i en konsolideret version, og eventuelle ændringer i forhold til den tidligere offentliggjorte S2-version vil blive fremhævet.

På Sortsmyndighedens websted findes der et søgeværktøj, som kan identificere disse ændringer.

For at gøre det muligt at søge i arkiverne, gemmes alle S2-publikationer som pdf-dokument og forbliver tilgængelige for webbrugerne.

Listen i S2-udgaven angiver de vigtigste sorter, når det gælder ansøgninger. I tilfælde af spørgsmål vedrørende andre sorter kan der rettes henvendelse til Sortsmyndigheden på adressen cpvo@cpvo.europa.eu.

- 1: Artens navn
- 2: Undertype
- 3: Afprøvningsgebyrgruppe
- 4: Forventet antal vækstperioder

- 8: Påbegyndelse af indgivelsesperiode
- 9: Afslutning af indgivelsesperiode
- 10: Frø/plantemængde
- 11: Frø/plantekvalitet

Vigtigt:

— Ansøgeren skal kun indgive materialet efter skriftlig anmodning fra Sortsmyndigheden. Tilsidesættelse af ovenstående anvisninger kan bringe hele proceduren i fare.

— Det tilrådes kraftigt, at ansøgeren ikke venter til sidste øjeblik med at sende ansøgningen eller plantematerialet.

— Ansøgninger kan indgives på et hvilket som helst tidspunkt. Sortsmyndigheden har til hensigt at påbegynde den tekniske afprøvning i dyrkningsperioden efter ansøgningsfristens udløb, hvis der er modtaget en gyldig ansøgning inden fristens udløb.

— Hvis plantematerialet indsendes efter den fastsatte indsendelsesfrist, kan ansøgningen afvises i henhold til artikel 61 i Rådets forordning (EF) nr. 2100/94 af 27. juli 1994.

— Udløber en frist på en dag, hvor Sortsmyndigheden har lukket for modtagelse af dokumenter, forlænges fristen til den nærmest følgende dag, hvor Sortsmyndigheden har åbent for modtagelse af dokumenter, og hvor almindelige postforsendelser udbringes, i henhold til artikel 71 i Kommissionens forordning nr. 874/2009 af 17 September 2009 om gennemførelsesbestemmelser.

— Udløber en frist på en dag, hvor prøvningsmyndigheden har lukket for modtagelse af plantematerialer, forlænges fristen til den nærmest følgende dag, hvor prøvningsmyndigheden har åbent for modtagelse af plantematerialer, i henhold til artikel 71 i Kommissionens forordning nr. 874/2009 af 17 September 2009 om gennemførelsesbestemmelser.

— Ethvert fytosanitært krav vil blive meddelt ansøgeren sammen med anmodningen om indgivelse af plantemateriale til den pågældende prøvningsmyndighed.

— Plantematerialet skal være sundt og frisk uden spor af skadedyr og sygdomme.

ET Ühenduse Sordiameti ametliku teataja eriväljaanne taotluste esitamise tähtaegade ja taimse materjali esitamise nõuete kohta (Lehekülg 23)

Teataja eriväljaande (S2 Gazette) eesmärk on anda taotlejatele kokkuvõtlikku teavet taotluste esitamise tähtaegade ja taimse materjali registreerimiskatseteks esitamise nõuete kohta.

Alates oktoobrist 2010 ilmub eriväljaanne ameti veebilehel digitaalselt kuus korda aastas. Iga S2 väljaanne avaldatakse konsolideeritud versioonina, kõik eelmise versiooni muudatused märgistatakse.

Otsinguvahendiga saab muudatusi leida ameti veebilehel.

Iga S2 väljaanne salvestatakse pdf-vormingus dokumendina, et saaks vaadata varasemaid salvestisi, ja see jääb veebikasutajaile otsinguis kättesaadavaks.

S2 väljaannete loetelu näitab taotluste poolst kõige tähtsamaid liike. Küsimused teiste liikide kohta saatke palun Ühenduse Sordiametile aadressil: cpvo@cpvo.europa.eu.

Scopul Buletinului S2 este de a oferi solicitanților o versiune consolidată a datelor de închidere a depunerii candidaturilor și a cerințelor pentru depunerea materialului vegetal în vederea examinării tehnice.

Începând cu luna octombrie 2010, acesta va fi publicat în format electronic pe situl internet al oficiului, de șase ori pe an. Fiecare număr al S2 va fi publicat în versiune consolidată; toate modificările față de versiunea publicată anterior a Buletinului S2 vor apărea evidențiate.

Este, de asemenea, disponibil un instrument de căutare pentru identificarea acestor modificări pe situl internet al oficiului.

— Se recomandă în mod expres solicitanților să nu amâne expedierea cererilor sau a materialului vegetal până în ultima clipă.

— Cererile pot fi depuse în orice moment. OCSP preconizează să înceapă examinarea tehnică în perioada de cultură care urmează după termenul de depunere, dacă a fost primită o cerere valabilă până la termenul de depunere.

— În cazul în care materialul vegetal este depus după termenul de depunere fixat, cererea poate fi refuzată în conformitate cu articolul 61 din Regulamentul (CE) nr. 2100/94 al Consiliului din 27 iulie 1994.

— În cazul în care termenul de depunere expiră într-o zi în care nu se primesc documente la OCSP, termenul se prelungește pînă în prima zi imediat următoare în care se primesc documente la OCSP și în care se distribuie corespondența obișnuită, în conformitate cu articolul 71 din Normele de aplicare a Regulamentului (CE) nr. 874/2009 al Comisiei Europene din 17/09/2009.

— Od prijavitelja se pričakuje, da predloži rastlinski material šele, ko od CPVO prejme pisno zahtevo. Neizpolnjevanje zgoraj navedenega navodila lahko ogrozi celoten postopek.

— Prijaviteljem svetujemo, da s pošiljanjem prijav ali rastlinskega materiala ne čakajo na zadnji trenutek.

— Prijave se lahko vložijo kadar koli. CPVO predvideva začetek preskušanja v obdobju rasti po roku za oddajo prijav, če je bila veljavna prijava prejeta do tega roka.

— Če je rastlinski material predložen po roku za predložitev, se lahko prijava zavrne v skladu s členom 61 Uredbe Sveta (ES) št. 2100/94 z dne 27. julija 1994.

— Predloženi rastlinski material mora izkazovati zdravje, vitalnost ter ne sme biti prizadet zaradi škodljivcev ali bolezni.
